

## **Operation Vaccinate Virginia Beach**

**January 26, 2021**

Thank you for taking the time to pre-register for your COVID19 vaccination in Virginia Beach. The pre-registration process does not assign you to an appointment. Your name has been placed in a queue for the category (police, fire, school, childcare, seniors, grocery, agriculture, etc.) that you have selected.

The Virginia Beach Department of Public Health (VBDPH) estimates there are over 120,000 people in Phase 1b. With limited vaccine availability, we have prioritized some groups within Phase 1b to ensure we get vaccine into the arms of those who are most vulnerable as quickly as possible. VBDPH will prioritize frontline healthcare workers, police, fire, hazmat, corrections and homeless shelter workers, preK-12 staff (public & private), childcare and seniors into vaccination clinics for the next four weeks. Depending on the availability of vaccine, VBDPH estimates it will take approximately two months to finish all of Phase 1b.

During the week of January 25, 2021, we will provide approximately 9,000 1<sup>st</sup> dose and 280 2<sup>nd</sup> dose vaccinations. Appointments for vaccination clinics during the week of January 25, 2021, are currently filled.

During the week of February 01, 2021, due to limited availability of vaccine, we will provide approximately 6,000 1<sup>st</sup> dose and 1,000 2<sup>nd</sup> dose vaccinations. Vaccination clinics for the week of February 01, 2021 are currently being scheduled. If you are assigned to a clinic, you will be notified via an email from either [vaccinatevb@vdh.virginia.gov](mailto:vaccinatevb@vdh.virginia.gov) or "*Vaccination Clinics*" at [no-reply@multistatep4p.com](mailto:no-reply@multistatep4p.com).

Due to the uncertainty of vaccine availability, VBDPH can only plan vaccination clinics one week in advance. When a vaccination clinic date is designated, VBDPH will select names/emails from the above-prioritized categories. If it is your turn for a vaccination, you will receive an email from either [vaccinatevb@vdh.virginia.gov](mailto:vaccinatevb@vdh.virginia.gov) or "*Vaccination Clinics*" at [no-reply@multistatep4p.com](mailto:no-reply@multistatep4p.com) which will contain a link that will take you to a vaccination clinic on a specific date. Once you arrive at the clinic page, you will enter your identifying information and select your appointment time.

VBDPH appreciates your patience as we begin this monumental task of Operation Vaccinate Virginia Beach.
